

Supporting The Community

The following are some key points for you to remember
which can help you during the lockdown.

COVID-19 Industry Information Page

ExerciseNZ have put together an industry specific page with all issues relating to COVID-19. Full information on all of this and more is on the ExerciseNZ webpage exercisenz.org.nz/covid19

REPs Insurance - Online delivery good news

Anyone with a Contractor registration level holds insurance through REPs and is covered for online delivery too! As long as the teacher and participants are in NZ, the cover will be for both 1:1 and class based activities.

Online Music - Good news

Anyone using music can use their normal music licence with one music and it will cover online. You can find information on this in the news section of the One Music website, onemusicnz.com/news/

New feature - Online trainer and facility search

We have updated our REPs searchable database updated so that the public can search for trainers and facilities who provide online services. To take advantage of this, simply log into the REPs website and enable online services in your profile.

Government's support for contractors and wages support

The government has put together a package to help those that are currently out of work or have had to shut their business down. This also applies to those that are self employed with a variable income. We encourage you to take advantage of this now to get funds quickly.
